

## Bee-Ginners Short Course 2011

**Dates:** May 13 and 14, 2011  
**Time:** 8:30 am- 4:30pm  
**Place:** Crop Diversification Centre North  
Agriculture and Rural Development  
17507 Fort Road NW  
Edmonton, AB T5Y 6H3 Canada

Have you thought about making your own honey? Do you have the desire to learn about the fascinating world of honey bees? The Apiculture program- Alberta Agriculture and Rural Development is offering a beekeeping short course for beginners at Crop Diversification Centre North, 17507 Fort Road, Edmonton, AB T5Y 6H3.

This short course is designed to build basic beekeeping skills. It is focused on bee biology, equipment, setting up your apiary, bee management through the year, honey production, control of pests, regulations, and marketing. The course provides participants with hands on learning activities involving examining bee colonies, disease diagnosis and treatments. Enrollment is limited, so early registration is recommended.
