Join our first speaker, David Burns to hear about nucs and combine it with queen rearing as a sustainable way to keep bees. well as Allison Scovil from The Calgary Zoo who will tell us about how bees are aiding in conservation efforts.

Did you Miss the Last Meeting?

The link to watch the recorded presentation of Scott Debnam and his presentation on how and why bees reduce their population for the winter and what they are doing in the hive when we are not looking will be available this Friday on our website!

Looking for Some Bee Chatter?

Could you share your knowledge and experience about bees at Aggie Days on April 10-14th? Check your calendars for your availability for July and keep your mind open for Stampede as well - Get in touch with Jim Rogers at clownoftuny@hotmail.com

New to Beekeeping?

The CDBA is excited to offer the spring 2024 beginner beekeeper courses just in time for the holiday season! We are offering three City of Calgary-approved courses. If you have family members or friends who are interested in beekeeping, or if you want to refresh your beekeeping skills, these are for you!

Three-course options are available:

March 2/3, April 6/7 and May 4-5, [Register Here!](#)

Experienced at Beekeeping?

I get in touch with us if you would be interested in being a mentor. This is an excellent opportunity to build a relationship and share your knowledge - Reach out to CDBA.Communication@gmail.com

Nucs and Packages

Scandia Honey is collaborating with CDBA to bring New Zealand Bee Packages, and Local Alberta Nucs as well as Drawn Frames – [Click here to order now!](#)
